### September Update

Hey everyone,

As the beginning of the school year settles, we have had a lot of new students (more to come), but the members have been doing amazing. We have had 5 new members join since I took over the position, and several new siblings assigned. We added the option for newbies to send pictures of themselves to the "For NSA Newbies" folder. Soon, Morgan, Mrs. Shafer, and I will start to propose and work through plans on how to bridge the gap on the unwelcomed newbies! Also, if any officer wants to join, they are welcome to do so! :)

### October Update

Hello all,

First off, it was a really great month for the Welcome Committee. We had four new recruitments (just waiting on their information to make it official), came up with a new "NSA Siblings" structure plan, introduced the idea of deadlines when giving HS and MS/ES lists (worked great!), and started to put into action the new "NSA Siblings" structure, which

reduced and cleaned up the NSA Siblings folder a bit. In addition, I revised the WC entrance quiz, and changed from Word Document to a Google Doc.

Goals for the future:

- Continue on the construction of the "NSA Siblings" program
- Update "Our Goals" to "Rules and Regulations" to make it more of a structured committee,
- Introduce the new structure to the "NSA Siblings" program to the members.
- Include a "Returning Students" survey to send with the return students as a check up and assessment on their previous year(s) with Northstar.

## November Update

Hey guys,

It has been a pretty good month for the WC. We got three new members, including another guy. Morgan and I finished the NSA Siblings Program Structure Proposal, including a 12 week program with checkpoints along the way. I also completed a Returning Students Survey to send instead of a welcome form from the Committee. In addition, deadlines were introduced last month, and they have stuck pretty well. Everyone with the exception of one person have made the deadline.

Goals for the future:

- Discuss the idea of meetings
- Set up a meeting to discuss NSA Siblings Program Structure
- Set up new Rules and Regulations Folder
- Revamp the Email Templates folder
- Try and recruit some new boys (we are lacking in that department so if anyone is interested)
- Adding in an announcement folder? (It's just a thought)

## December Update

Hey all,

Despite the Christmas Break taken this month, the WC actually made progress!

Goals met:

- Meeting on the NSA Siblings Program Structure
- Release of the NSA Siblings Program Structure
- Three new recruitments
- Graduating little sibs and initiating new sibs
- Created the Returning Students Survey
- Created Big Siblings Application

Future Goals:

- Work on recruitments (especially boys)
- Add a calendar with their "off" dates (such as breaks and check in's with siblings)
- Create a Rules and Regulations folder
- Continue with the deadlines
- Possibly removing the FC Survival Skills folder?

## January Update

Hey guys,

So it was a pretty slow month. I've noticed that some members of the WC are slacking, so some decisions will need to be made. Here are some accomplishments from this month:

- Continued welcome lists
- Renovating the "Meet the Welcome Committee Folder"
- Collected new information from the WC members about them to add
- Three new recruitments
- Pushed the NSA Siblings Structure for upcoming NSA Siblings

Future goals:

- Sort the email templates folder
- Fix the FirstClass Survival Skills or take it down entirely
- Brainstorm new ideas on how to make the committee better
- Continue recruiting!

## February Update

Hey,

It has been the busiest month of my life as far as school. I managed to get some WC stuff done, and now that I have an intern, it makes it so much easier.

- Assigned a ton of siblings
- Met my intern (we'll set up a skype meeting soon)
- Started the little reconstruction on the new "Meet the WC" folder
- Brainstormed a list of new rules and regulations that incorporated the NSA SP

Goals:

- Work on getting the newbies/returnees list out sooner
- Encourage others to take on siblings
- Start working on rules and regulations folder
- Organize the email templates
