I had a crazy dream last night. I was swimming in an ocean of orange soda. Turns out it was just a Fanta sea... *slowclap* I'd tell you a chemistry joke but I know I wouldn't get a reaction. Oh! Oh! I want to hear it! *sits down and crosses my legs* *looks up expectantly* <_< *hopes you got the first one... otherwise its going to be a long day* Chemistry puns? I'm in my element! So one time I blew up my chemistry experiment... But its ok oxidants happen. Then someone said that the lab smelled like rotten eggs. I said "sorry for your sulfuring". And as if they day couldn't get any worse I lost an electron. You really gotta keep and ion them... Hmm I would tell more but all the good ones Argon. Lets just take all the bad ones and Barium. But if I get any more I'll tell them to you periodically. Ahaha! That's all awesome. xDD Could I save this for later? I don't care. I just mashed up my repertoire of chemistry puns. Well then... *EOYA's*

Anyone remember Tele Tubies? My mom wouldn't let us watch that. <_< >_> #shelteredchild what? u_U teletubbies was like, the bomb... Maybe I completely misremember that show. _._ ;-; tele tubies was bad? .-. I don't remember it being bad? O_oThe tubby toast is about all I can remember. Ah man that show was just terrible...all I enjoyed watching was Barney xD I LOVE YOU. YOU LOVE ME. WE'RE A GREAT BIG FAMILY. WITH A GREAT BIG HUG AND A KISS FROM ME TO YOU, WON'T YOU SAY YOU LOVE ME TOO? *hugs Barney* *coughcough* You didn't like tele tubies! how can you not like a bunch of people running around in big fluffy suits? Tele Tubbies was... strange. In many ways. Kinda scary. Yea I could never watch more than like 5mins of tele tubbies. Talk about scary! That baby sun was REALLY scary!!!! *shudders* Yeah, when I really think about it, it's creepy now. BUT THEY HAD TVS!!!! Hey, I wasn't disagreeing with you. xD They were cool. Just looking back, I find the sun baby a little creepy. >_> :O I loved the baby sun...I thought it was so cute when I was, like, five! xD IN THEIR BELLIES!!!! THATS LIKE, unheard of guys. Amazing. Cool. YAAAAAS. Omw. Is that why they were called teletubbies? Tele tummies. Television tummies. UGH WHY DOES EVERYTHING HAVE TO MAKE SENSE WHEN YOU'RE OLD. :OOOOOOOOOO It's cool Morgan I just got it too your not alone. It's okay... I found out on tumblr. I hardly remember it. I went to teach at a kindy in Xiamen I haven't been there in...8 years <_< a few years back... and the kindy looked EXACTLY like Teletubbie land @_@ xD That can happen with over enthusiastic teachers. :D xD We used to watch it, though. And Bob the builder. That was my show. xD And... other ones. xDxD

Some friends of ours thought Barney was the antichrist... HAHAHALol, my parents just never let us watch it because they couldn't stand it. xDD

3, 2, 1 Penguins, anyone? =D YES Omc. That show was the best. Like, what even. *derp voice* Kevinnn yesh! :D Yassss *tries to think of song* ZIGEL, MIGEL, FIGEL, KEVINNNN 3 2 1 PEYENGUINSSSS du du du du du DUN DOOM Yuss, I loved that show so much @_@ *might go back and watch some* YASSSSSSSSSSSS But why did they never show the grandma??? She wasn't important? YES SHE WAS!!! SHE MADE THEM SAY THEIR PRAYERS AT NIGHT!! WHERE DO YOU THINK THEY WOULD BE

WITHOUT HER?????? xD Just kidding! xD u_U And actually, I've seen her. :o

DEATH TO BARNEY AND TELETUBBIES

The guy who played Barney got fired (and maybe arrested, don't remember) because he
was cussing at kids on set and they found drugs and cigarettes stashed in his tail. Was
that really what happened? After all of these years, I still don't know the real story xD

AND BOOHBAH

DEATH AND CAMEL BUTTS TO BOOHBAH BOOMBAH... dang. I remember those. Creeps.

This is a cookie:

A cookeh, however, is a magical food object that cannot be accurately portrayed in picture form, but only by text, sparkles, and involuntary noises of satisfaction, such as "Aaaah."

However, if it were in picture form, it would be something like this:

This is the closest mankind can get to visually representing the cookeh. The cookehs were actually used to feed the Israelites. oooooooooooooook

Why are the cookehs so special, you ask? Don't. Don't ask. Just eat. Eat, and you will know.

Beware, however, of the cookeh. If you eat one whole, you will explode from the awesomeness. One can only be brought back from death-by-cookeh when their remains are mixed with unawesome sauce. Only one has survived.

Now you know. Use this information wisely, and never use a cookeh in aggression towards someone. They are dangerous implements, but they must not be weapons.

Good luck, and good cookehs.

That was interesting.... ok thx! COOKIES! jk jk jk XD

Welcome Everybody!

Things you need to know:

What happens when you walk into a chat with this:

There was a beautiful tiny flower
Below it lived a cute and little smurf
One day, the granny smurf was 'bout to die
She let out a small and sad little sigh

Then Ashley Klassen came and spilled her blood
I do believe that it was very cruel
She then ran after poor Amilia
Why she did that I have no idea

Amilia then ran away and hid
Turn invisible she even did
Behind a bush and behind a tree
Is where you possibly find her, you see

Now we all know Ashley Klassen's iNSAnE
You must avoid her or you'll be in pain
Now watch your back and watch your front
Because you haveve now just joined the hunt
-Rachel Syzmandik and Kassia Fisher

Curiosity killed the cat! :o xDD that literally happened a few years back when our cat thought he had wings and leapt out the window... ..wow, that's funny. xDD *cough* I mean... I'm sorry for your loss. u_u

Lol, every time I type in Jole, auto correct wants to fix it to Joule. There's no way I'm changing it to anything that sounds like Jewel, auto correct. No. Way. U_U

When voting for representatives, we would only vote for the representative of the grade that we are going in to, correct? **yep<=====**. Or would we vote for a representative in every grade? **Going into, bud... no idea what that meant... but no. xD I meant the grade you are going into**
If I recall correctly, you actually aren't able to vote for representatives in other grades than the one you're going into...**EXACTLY**

***hopes that cleared stuff up* *cough* Yeah it did... punctuation is very important. <-- i.e. "Time to eat Grandpa!" vs >"Time to eat, Grandpa!"<** So embarrassing when people use the wrong one.

coughs importantly I, Joshua Story, of Round Rock, Texas, hereby and now challenge your right to call yourself master of u_u. u_uU_U I've been master of u_u for some time. u_u I am the successor to Mark Boettcher, or someone else u_u That may be... or should I say may have been u_u Your reign of u_u is over u_u Surrender the title u_u u_u no u_u yes no u_u u_u say yes u_u or else u_u no u_u anyway adding 'u_u' after everything you say only shows how inept you are at using it. or else what? you're gonna give us free coffee? aw. heh. Uhhh... We have a for else? I mean Yes u_u We could always ask the people u_u v.V :o *gets some popcorn* I would hope its the latter... being that we don't have anything to do. And Paul has disappeared for a while. Yeah... poor guy must have been swamped or marooned. << I think either option would provide randomness, though... *pulls a rubber chicken from the rubber chicken closet* *slaps it on hand repeatedly* *it squeaks repeatedly*

BTW how do u like my nrw font?? you're scarring me for life. lol i guess thats a good affect

Morgan Raines (Librarian)[10:02:30 AM]: it's amazing, and I love helping NSA by being StuCo. I absolutely can't function without it, it's awesome!

Ashley Klassen (SC 9th Rep)[10:02:44 AM]: Join the Student Council, because it's a way to invest hard work and clearly see it grow into something beautiful.

Damon Mabe (SC 10th Rep)[10:02:54 AM]: **People should join the Student Council if they are looking for real-world leadership experience and have the time and energy to do so.**

Damon Mabe (SC 10th Rep)[10:03:15 AM]: **Morgan, that's two sentences... xP**

Kassia Fisher (Spiritual Life Leader)[10:03:22 AM]: Why should people join the SC? It challenges you to work together with other students that are dedicated to making their school really fun! Plus, you make some really close friends. ^_^

Ashley Klassen (SC 9th Rep)[10:03:35 AM]: OHANA

Morgan Raines (Librarian)[10:03:35 AM]: I don't care. the StuCo deserves two sentences.

Warning: Ashley approaches. Flee at All Costs.

By Rachel Symanzik

There once was a beautiful tiny flow'r
Below it lived a cute and little smurf
One day, the granny smurf was 'bout to die
She let out a small and sad little sigh

Then Ashley Klassen came and spilled her blod*
I do believe that it was very cruel
She then ran after poor Amilia
Why she did that I have no idea

Amilia then ran away and hid
Turned to invisible she even did
Behind a bush and behind a large tree

Is where you'll possibly find her, you see

Now we all know Ashley Klassen's iNSAnE

You must avoid her or you'll be in pain

*Blod is Swedish for blood. It is pronounced like it rhymes with food.

A special thank you to Amilia and Ashley for being amazing friends. I told them about a smurf and suddenly they began acting. Thanks to them, I was inspired to write this after two weeks of writers block with their permission.

Also thank you to Amilia for knowing Swedish.

Amilia Sedin Chan (SC Secretary)[10:41:47 PM]: *hoots and hollers from the audience* YAS THATS MY JAM

Kassia Fisher (Spiritual Life Leader)[10:41:47 PM]: I kid you not, this is my favortie part of these meetings. xD

Joel Raines (SC 12th Rep)[10:41:47 PM]: Peace n' out

Amilia Sedin Chan (SC Secretary)[10:41:47 PM]: even though I've never done this before AHAHAHA amazing

Joel Raines (SC 12th Rep)[10:41:47 PM] has left the chat.

Morgan Raines (Librarian)[10:41:47 PM]: xD lkr?

Amilia Sedin Chan (SC Secretary)[10:41:47 PM]: LUKE, I must speak to you for a short minute if that's alright?

Joshua Grift (SC President)[10:41:47 PM]: Cya

Amilia Sedin Chan (SC Secretary)[10:41:47 PM]: I am not your father, just putting that out there.

There once was a girl named Daveline. Everyone called her Dave. She Lived in a far off cave. She couldn't wait until she turned eighteen, because then she would change her name and come back to live with her family. Dave worked hard every day trying to support her family long-distance. She once walked to the end of the rainbow and met a lepracon named Tammy. Tammy gave her an Xbox one to play in her cave so she wouldn't get bored while she waited for her eighteenth birthday. She got run over by a deer driving a toothbrush volcano bat. But she survived because she couldn't help thinking about spaghetti. She was so thankful that spaghetti saved her life that she went home and made an oath to eat only spaghetti for the rest of her life. As a result, Dave lived a very unhealthy life. So she began adding extra cheese to her spaghetti. She slowly made her diet more and more unhealthy, albeit more delicious, until one day she started sweating spaghetti sauce. One day, because she was sick of spaghetti, she broke her oath and ate a sandwich. When she broke this oath Tammy got furious and sent a army of baby super-rhinoUnicornObamaMonsters to make her have free healthcare and to eat her. She

was so surprised that she fell backwards into a tub of toxic liquids which, instead of killing her like it should have, it gave her super awesome stretchiness powers so now she smelled and LOOKED like spaghetti. #getthereference #vaguelygotthereference #whyisthissofamiliar #whuwhy #thisisdrivingmecray #plasticman When Tammy tries to hurt her for the oath-breaking she had committed, Dave slithered under a door and made her escape. Unfortunately Tammy's monsters broke down the door. And then she heard that the craycray deer with his toothbrush volcano bat mobile was back in town. Hunting her down. I'm in me mum's car. *vroom vroom* get out me car. So she slithered down into the sewer tunnels. Just like a spaghetti snake. SPEAKING OF, she ran into a heard of spaghetti snakes. They're called Italian Restaurants, when they're in groups. The Italian Restaurant did not recognize her as a human and accepted her as one of their own. Then, the dance of the spaghetti began. But it suddenly stopped when Dave met some ravioli. "My, what a ravishing ravioli! =O" They started playing their own music, and it turned into a rave-ioli. (<<< nice) Suddenly, there was a musical blend! :o Then the Italian Restaurant started wriggling around to this new blend's beat. Then, Dave decided to show the Italian Restaurant her mixtape she had been too shy to share all those years in her cave. Because of their unbreakable bond of spaghetti of course. Then suddenly, there was a sound of hooves on the cement: spaghetti eating horses! It was shocking to Dave how many horses the spaghetti could eat. She was terrified by the cannibalism! Dave began to run away from the horses as fast as she possibly could; alas, she was not swift enough. She died.
